BED TAX COLLECTION REPORT - FY15/16

Prepared by the City of Scottsdale Tourism Events Department September 15, 2015 (Preliminary)

Item 3a

This report provides a summary of monthly collections of City revenues that reflect activity in the Tourism Industry in Scottsdale. Column one shows the <u>actual month of business activity</u>, not City receipt of the taxes.

Table 1 reports the bed tax, the hotel/motel sales tax, the sales tax on miscellaneous retail and the sales tax on restaurants as a percentage change from the same period in the previous year.

Table 2 provides Bed Tax collections by hotel classification (Resort, Full Service and Limited Service) and a comparison with the same period last year. As a percentage of 8,997 total hotel rooms in the City as of July 2015. Resort hotels represent 38%, Full Service hotels 25%, and Limited Service hotels 37%. *Bed Tax Classification Table reflects only funds received from a specific month. It does not include late payments received.

Table 1

Tourism Indicators as reflected in Monthly City <u>Sales Tax Revenues</u>

FY15-16 (July 1, 2015 through June 30, 2016) -- Change from the same period last year

Blank - No data received by STR

Tab 7 - Help

All data is processed by STR using both the current and historical sampling of hotels.

For further questions about the methodology used to produce our reports, please email destin@str.com.

Average Daily Rate (ADR)

Room revenue divided by rooms sold, displayed as the average rental rate for a single room.

Census (properties and rooms)

The number of properties and rooms that exist in our database for the area(s) or segment(s) shown on the report.

Country

A geographic area that has internationally recognized boundaries, an organized economy, and a sovereign government with external recognition.

It is typically recognized by the International Organization for Standardization (ISO).

Custom Segments

Defined by a + at the end of the segment name. If a custom segment is based on a selected group of properties, new properties that come into the area will NOT automatically be added to this segment.

The new property can be added alone as long as it has no more than five months of data. Once the property has six or more months of data it is considered an established property, requiring a two property change (add one/drop one or add two).

Demand (Rooms Sold)

The number of rooms sold or rented (excludes complimentary rooms).

Exchange Rate

The factor used to convert revenue from U.S. Dollars to the local currency. The exchange rate data is obtained from Oanda.com.

Any aggregated number in the report (YTD, Running 3 month, Running 12 month) uses the exchange rate of each relative month when calculating the data

Index

Index (Occupancy, ADR, RevPar) - Property performance divided by competitive set performance multiplied by 100.

Internationally, indexes are also referred to as MPI – Market Penetration Index (Occupancy Index), ARI – Average Rate Index (ADR Index), and RGI – Revenue/RevPAR Generation Index (RevPAR Index).

Market

A geographic area within a country. Markets are defined by STR and STR Global.

Occupancy (Occ)

Rooms sold divided by rooms available multiplied by 100. Occupancy is always expressed as a percentage of rooms occupied.

Percent Change

Amount of growth - up, flat, or down - this period versus same period last year (month or year-to-date). Calculated as ((TY - LY) / LY) * 100.

Revenue (Room Revenue)

Total room revenue generated from the sale or rental of rooms.

RevPAR (Revenue Per Available Room)

Room revenue divided by rooms available.

Sample or % Room Participants

The percent of rooms from which STR receives data. Calculated as (Sample Rooms/Census Rooms)* "100"

Sub-Market

A geographic sub-area within a Market. Sub-markets are defined by STR and STR Global.

Supply (Rooms Available)

The number of rooms times the number of days in the period.

Twelve Month Moving Average

Measures (Occ, ADR, RevPAR, Supply, Demand, Revenue) are calculated using the sum of the values of the given month and of the preceding eleven months.

WD (Weekday)

Average of Sunday through Thursday

WE (Weekend)

Average of Friday and Saturday

Year-to-date

Measures (Occ, ADR, RevPAR, Supply, Demand, Revenue) are calculated using the sum of the values from January 1 of the given year.

2015/16 Community E	Event Funding - \$200,0	00	Amount Remaining	\$58,00	0	
				Requested	Recommended	
vent	Event Dates	Event Description	Location	Amount	Amount	Evaluation
